

Sports Premium: Proposed Use and Intended Impact 2022-2023

The government provides supplementary funding for schools and academies to make additional and sustainable improvements to the quality of PE and Sport.

This money presently equates to £16000 per school per year plus an extra £10 per child. For our school this academic year (2022-23) North Mead will receive £19,540.00 in Sports Premium funding.

At North Mead, we identify the contribution of PE and Sport to the health and well-being of the children. We are firm believers that an innovative and varied PE Curriculum, combined with regular extra-curricular activities have a positive influence on developing children's physical literacy resulting in increased levels of concentration, attitude and academic achievement of all our children.

As a school, our main aims for this academic year's funding are to:

- Invest in further sports equipment
- Inspire excellence through participation in competitions against other schools.
- Continue to employ PE staff.
- Continue to subscribe to Get Set 4 PE, a high-quality scheme, which ensures that staff feel they have the knowledge to deliver high quality PE lessons that stretch and challenge students.

Increase extra-curricular opportunities for students of all ages and abilities.

As a school our aim and purpose through P.E is to ensure we improve every child's sporting chance and will be focusing on all aspects of physical education. We will be focusing on the child's: physical, technical, psychological and social approach to sport and how we can ensure their health and well-being is the best it can be. We passionately believe that children should have competitive opportunities for sport but should also foster a sporting appetite which will see them to a healthy future.

The delivery of the swimming curriculum is for Year 4 who will swim for two terms; whilst Year 6 will swim in the summer term as part of covid catch up.

Allocation of PE and Sports Premium 2022-23

Income	£19,540.00
Carry forward	£2,060.00

Action	Cost	Success Criteria	Impact	Sustainability/Next Steps
